17.

- A. transforming societies globally
- B. is transforming societies globally
- C. that is transforming societies globally
- D. is transformed societies globally

18.

- A. Despite the fact that cities drive technological and economic progress
- B. While cities drive technological and economic progress
- C. Although cities are driving technological and economic progress
- D. Because cities are driving technological and economic progress

19.

- A. Sedentary lifestyles contribute to rapidly increasing obesity rates, even among low-income groups
- B. Even among low-income groups, sedentary lifestyles make obesity rates results higher and higher
- C. When there is a rapid increase in obesity rates due to sedentary lifestyles, even among low-income groups
- D. Obesity rates are rising rapidly because of sedentary lifestyles among low-income groups

20.

- A. Neither indoor nor outdoor pollution poses grave health risks
- B. Pollution, both indoor and outdoor, poses grave health risks
- C. Pollution poses grave health risks, either indoor or outdoor
- D. Grave health risks result from both indoor and outdoor pollution poses

21.

- A. We must have policies sustainable urban planning, equitable resource distribution, and social welfare programmes emphasized
- B. Imperative policies emphasizes sustainable urban planning, equitable resource distribution, and social welfare programmes
- C. Policies emphasising sustainable urban planning, equitable resource distribution, and social welfare programmes are imperative
- D. It is imperative to emphasize policies on sustainable urban planning, equitable resource distribution, and social welfare programmes

Read the following passage and mark the letter A, B, C, or D to indicate the correct answer to each of the following questions.

Florence Nightingale, born on May 12, 1820, in Italy, was a British nurse, social reformer, and statistician. She is a famous woman in history known for her important work in nursing. Her dedication and compassion have made a lasting impact on healthcare.

[I] Florence broke societal rules by choosing a nursing career, which was not seen as a respectable job for women at the time. [II] During the Crimean War in the 1850s, Florence Nightingale gained **prominence** for her tireless efforts to improve the conditions of wounded soldiers. [III] She transformed the military hospitals by introducing better sanitation, hygiene practices, and organised medical care. [IV] Her commitment to patient well-being significantly reduced the mortality rate among the soldiers.

One of Florence Nightingale's lasting contributions was her emphasis on cleanliness and proper healthcare practices, which laid the foundation for modern nursing. Her famous book, Notes on Nursing, became a guide for healthcare professionals, stressing the importance of a clean and well-ventilated environment for patient recovery.

The "Lady with the Lamp", as Florence was affectionately called, made nightly rounds to check on patients. Her dedication and hands-on approach to nursing set a precedent for compassionate care, shaping the future of the nursing profession.

Florence Nightingale's legacy endures today, with International Nurses Day celebrated on her birthday. Her pioneering work not only elevated the status of nursing but also inspired countless women to pursue careers in healthcare.

Florence Nightingale's story, where she went against what society expected and became a symbol of caring, shows how one person can make a big difference. Her influence still guides people in healthcare, reminding **them** to be dedicated, compassionate, and follow their passions.

22. Where in paragraph 2 does the following sentence best fit?

Despite her parents' disapproval, she followed her passion and worked to make healthcare better.

- A. [I]
- B. [II]
- C. [III]
- D. [IV]

23. According to the passage, what is NOT true about Florence Nightingale?

- A. Her nickname is "Lady with the Lamp".
- B. She helped to improve military hospitals during the Crimean War.
- C. With her parents' support, she pursued the nursing profession.
- D. She was born in Italy in the early 19th century.

24. The word "*prominence*" in paragraph 3 is closest in meaning to _____.

- A. exhaustion
- B. promotion
- C. improvement

D. fame

25. What did Florence emphasise in Notes on Nursing?

- A. Cleanliness and ventilation for patient recovery.
- B. Better sanitation and organised medical care.
- C. Transformation of conditions in military hospitals.
- D. Hands-on approach to nursing.

26. What can be inferred about Florence Nightingale's approach to patient care?

- A. She believed in providing compassionate and hands-on care.
- B. She prioritised administrative tasks over direct patient interaction.
- C. She assigned patient care tasks to other healthcare workers.
- D. She focused solely on medical treatments and interventions.

27. What is the best title for the passage?

- A. Florence Nightingale: A Pioneer in Nursing
- C. Florence Nightingale: A Woman in Power
- B. Florence Nightingale: A Hero of the Crimean War
- D. The Lady with the Lamp: A Nightly Tradition

28. What does the passage imply about Florence Nightingale's influence on future generations of healthcare professionals?

- A. Her example will motivate young healthcare professionals to work more on night shifts.
- B. Her pioneering work will help the development of new medical technologies.
- C. Her example will encourage healthcare professionals to be more compassionate and dedicated.
- D. Her career will lead to new educational programmes for healthcare professionals.

29. What is probably the author's tone in the passage?

- A. Admiring.
- B. Critical.
- C. Persuasive.
- D. Neutral.

30. The word "*them*" in paragraph 6 refers to _____.

- A. Florence Nightingale's stories
- B. Florence Nightingale's influences
- C. people in healthcare
- D. passions

31. Which of the following best paraphrases the underlined sentence in paragraph 4?

- A. Florence Nightingale's founded modern nursing by her most lasting contributions which was her emphasis on cleanliness and proper healthcare practices.

B. It was Florence Nightingale's lasting contribution, her emphasis on cleanliness and proper healthcare practices, which laid the foundation for modern nursing.

C. Florence Nightingale contributed her emphasis on cleanliness and proper healthcare practices to the foundation for modern nursing.

D. Despite contributing emphasis on cleanliness and proper healthcare practices, Florence Nightingale laid the foundation for modern nursing.

PART 3. WRITING

Mark the letter A, B, C, or D to indicate the correct arrangement of the sentences to make meaningful paragraphs/ letters in each of the following questions.

32. When going shopping, have you ever noticed how many items these days aren't made to last?

a. This also means that you should avoid plastic packaging and try to use cloth shopping bags whenever possible.

b. First, put only what you really need on the shopping list and stick to it to reduce your impact on the environment.

c. In fact, there are a lot of inexpensive, throwaway products available, whether they be for electronics, toys, furniture, clothing, or home décor.

d. In addition, if you buy less things, there will eventually be less packaging to go to landfills.

e. That's definitely not good for the environment, and we need to take action in changing our shopping habits.

These are minor changes in your daily habits but they have a big environmental impact.

A. a – b – e – a – c

B. e – b – a – d – c

C. c – e – d – b – a

D. c – e – b – d – a

33.

Dear Editor,

I am writing to reply to your request for opinions about urbanisation in the latest issue of your newspaper.

a. I would still believe that utilising the efficiency advantages of urbanisation, we can turn it into a positive transformation opportunity.

b. To begin with, because urban regions have higher housing densities and better energy and material utilisation, urbanisation can lessen the overall environmental footprint of a nation.

c. Therefore, a preferred plan is an urban science advisory system that considers both climate and natural factors.

d. Urban density is also necessary for the effective implementation of innovative new technologies, such as district heating networks, that are essential to both climate and natural transitions.

e. For me, urbanisation is the answer to developing countries' current problems.

f. People may argue that developing countries have to face various challenges.

Thank you for your consideration.

A. a – e – b – d – f – c

B. e – f – c – d – a – b
